

## Waste Diversion Task Force 2010

- Mayor
- Councillors
- Council committees
- Council schedules
- Agendas
- Minutes
- By-laws
- Council structure
- Wards
- Task forces

Established in January 2001, the Waste Diversion Task Force 2010, comprised of all Toronto City Councillors, is charged with finding a 'made in Toronto' solution for waste diversion from landfill. The goal of Task Force 2010 is 30 per cent diversion by 2003, 60 per cent by 2006 and 100 per cent by 2010.

After consulting with Toronto residents, environmental organizations and industry, senior levels of government and the private sector, Task Force 2010 presented a report to Toronto City Council in June 2001, recommending a comprehensive waste diversion plan.
